Sanitary partition wall type PUP30

Sandwich elements with coated steel or aluminium sheet

Stylish and elegant partitioning.

BEFORE WE
EXPECT TRUST FROM
OUR CUSTOMERS,
WE PROVIDE EVIDENCE
that's us!

MADE IN GERMANY
that's us!

Our products are manufactured for you at the company site in Horhausen, Rhineland-Palatinate. This is the only way we can guarantee the high quality standards we set for our products.

PREQUALIFIED
that's us!

We are registered in the list of prequalified construction companies with the number 010.049740, proving that we are qualified for the products and services we offer.

INNOVATIVE & DESIGN-ORIENTED
that's us!

With our design-oriented and innovative products, we convince not only our customers, but also national and international committees.

Interesting facts about PUP30 JUMP

WC partition walls made of sandwich elements with two powder-coated steel or aluminium sheet

- Consisting of 30 mm thick sandwich elements with two powder-coated steel sheet (PUP30) or aluminium sheet shells (PUPA30)
- Interior profile frame completely filled with CFC-free polyurethane rigid foam
- Floating appearance due to recessed feet and recessed head profile
- Supporting feet made of aluminium, infinitely height adjustable
- Waterproof construction
- Suitable for wet and dry rooms
- Flush front
- Particularly easy to clean and hygienic
- Robust construction and long-lasting
- Wide range of decors and colours
- Colours are selected according to RAL colour chart
- System will be produced acc. to the building site dimension
- Made in Germany

WC partition wall PUP30 as special design with only one support feet per front element. Available against surcharge.

Interesting facts about PUP30

WC partition walls made of sandwich elements with two powder-coated steel or aluminium sheet

- Consisting of 30 mm thick sandwich elements with two powder-coated steel sheet (PUP30) or aluminium sheet shells (PUPA30)
- Interior profile frame completely filled with CFC-free polyurethane rigid foam

- Supporting feet made of stainless steel, infinitely height adjustable
- Waterproof construction
- Suitable for wet and dry rooms
- Flush front
- Particularly easy to clean and hygienic

- Robust construction and long-lasting
- Wide range of decors and colours
- Colours are selected according to RAL colour chart
- System will be produced acc. to the building site dimension
- Made in Germany

Interesting facts about PU-ES30

WC partition walls made of sandwich elements with surfaces of stainless steel 1.4301

- Interior profile frame completely filled with CFC-free polyurethane rigid foam
- Side profiles and head profiles are finished in black
- Supporting feet made of stainless steel, infinitely height adjustable
- Waterproof construction
- Suitable for wet and dry rooms
- Flush front
- Particularly easy to clean, hygienic, disinfection medium-resistant and bacteriostatic
- Robust construction and long-lasting
- System will be produced acc. to the building site dimension
- Made in Germany

Privacy screens PUP30/PUPA30 and PU-ES30
- Privacy screens are made of the same material as the WC partitions
- Fastening by means of wall brackets made of anodized aluminium
- Alternatively, privacy screens made of the following materials can be used:

(1)
Privacy screens made of glass
- Wall hanging construction
- Made of enamelled safety glass (ESG-H)
- Mounting by means of discreet aluminium or stainless steel brackets
- Hygienic and easy to clean
- Waterproof
- Easy floor cleaning due to the construction
- Colour selection according to RAL colour chart
- Motif prints optionally possible
- Privacy screens will be produced acc. to the building site dimension

(2)
Privacy screens type EF-3
- Wall-hanging privacy screens
- Made of 36 mm thick sandwich elements with HPL surface
- Easy to clean and maintain
- Installed with durable aluminium holders
- Reinigungsfreundlich und pflegeleicht
- Wide range of colours available
- Motif prints are optionally available
- Privacy screens will be produced acc. to the building site dimension

(3)
Privacy screens type SV30
- Wall-mounted privacy screens
- Made of 30 mm thick chipboard
- ABS strips and panels in the same colour
- Installed with durable aluminium holders
- Wall-mounted structures without bottom support feet are particularly hygienic, since floor cleaning can then be faster and more efficient
- Wide range of colours available
- Motif prints are optionally available
- Privacy screens will be produced acc. to the building site dimension

(4)
Privacy screens type VK13
- Wall-mounted privacy screens
- Made of 13 mm solid grade laminate
- Revolving edge is always black
- Installed with durable aluminium holders
- Waterproof
- Wall-mounted structures without bottom support feet are particularly hygienic, since floor cleaning can then be faster and more efficient
- Wide range of colours available
- Motif prints are optionally available
- Privacy screens will be produced acc. to the building site dimension

Features type PUP30 JUMP, PUP30 and PU-ES30

Head profile PUP30 JUMP:

- Head profile is recessed 150 mm
- Aluminium brackets and aluminium angles provide a stable construction

Support PUP30 JUMP:

- Middle wall with recessed aluminium foot
- Holder made of anodized aluminium
- Stabilization of the front elements by means of T-connector under partition and front, friction-locked screwed

Supports PUP30 and PU-ES30:

- Supporting feet made of stainless steel, infinitely height adjustable

Hinges for all types:

- Stainless steel hinge with self-closing function

Standard hinges PUP30 and PU-ES30:

- Concealed hinges, integrated in the head rail
- This keeps the doors closed or open at all times by means of a spring

Using steel cap profiles as element filling, the PUP30 unit's design can be simply and easily modified so as
to be flame-resistant. The result is a new applications in fire-sensitive areas, as no flammable parts are used.

We reserve the right to make technical alterations.

Stylish and elegant partitioning.
